PID: 104493
Project Sponsor: Perrysburg, City of
ODOT District: 2
Funding Source: Federal
Private Funding: No

Project Description:

The City of Perrysburg is proposing to widen Roachton Road to provide a westbound right turn/through lane at State Route 25 and a second westbound lane on the west side of State Route 25. Additional work includes drainage improvements, signal work, and pavement markings. Strip right of way takes are required from 3 residential properties and 1 commercial property (gas station). Utility relocations are expected. There are no jurisdictional water resources in the project area so no USACE permits are required. This project is not located within a special flood hazard area so there will be no impacts to the floodplain. There is no suitable habitat for any state or federally listed species within the project area so there will be no impacts to any ecological resources. The work included in this project has minimal potential to cause effects to historical resources. Construction is expected to begin in the summer of 2021 and last approximately 60 days. During construction, traffic on State Route 25 and Roachton Road will be maintained at all times.

This document was written and approved based on Stage 2 plans.

STIP Reference # 2018stipID0087FDCO

Select the appropriate project type:

(26) Modernization of a highway by resurfacing, restoration, rehabilitation, reconstruction, adding shoulders, or adding auxiliary lanes (including parking, weaving, turning, and climbing lanes), if the action meets the constraints in paragraph (e) of this section. ***Examples include: Joint or limited use of right-of-way where the proposed use would have minimal or no adverse social (including highway safety), economic or environmental impacts; Installation of new noise walls and other new noise mitigation projects; Construction of highway safety and truck escape ramps; Construction of bicycle lanes and pedestrian walkways, sidewalks, shared-use paths, or facilities and trailhead parking that do not otherwise qualify for a C1 designation; Beautification or facility improvement projects (i.e. landscaping, curb and gutter installation and replacement, ADA ramps/curb ramps, installation of park benches, decorative lighting, etc.); Construction of alternative energy facilities (fuel tank farms, wind turbines, etc.)***

In accordance with 23 CFR 771.117(e), the proposed project cannot be processed as a C2 CE, if it involves -
a. Acquisition of more than a minor amount of right-of-way b. Residential or non-residential displacements c. A Coast Guard, Individual Section 404 and/or a Section 10 permit d. A Section 106 finding of Adverse Effect e. A Section 4(f) Programmatic or Individual Evaluation f. A finding of May Affect, Likely to Adversely Affect to Threatened and Endangered Species g. Construction of temporary access, or the closure of existing road, bridge, or ramps, that would result in major traffic disruptions h. Changes in access control i. Floodplain

encroachment other than functionally dependent uses (e.g., bridges, wetlands) or actions that facilitate open space use (e.g., recreational trails, bicycle and pedestrian paths) j. Construction activities in, across or adjacent to a river component designated or proposed for inclusion in the National System of Wild and Scenic Rivers k. No minor public or agency controversy on environmental grounds (no opposition from any organized groups or agencies and no unresolved environmental coordination) l. If an EJ Analysis Report is required, the project must be processed as a D-level CE or higher level document For certification purposes, documentation is required to illustrate no significant impacts will occur to the following environmental resources and that no unusual circumstances exist that would warrant a higher level of NEPA document. Upload all supporting documentation to the project file.

Waterways:	Not Present
Endangered Species:	No Impacts to Protected Species and Critical Habitat
100-Year Floodplain:	No Encroachment Within a Special Flood Hazard Area (SFHA)
Section 4(f):	Present; No Programmatic Evaluation or Individual Evaluation Required
Section 4(f) Determination:	
Temporary No Use Exception - 774.13(d)	
Section 4(f) Determination Date - 774.13(d)	06/26/2019
Section 6(f):	Not present
Cultural Resources:	Present; No Finding of Adverse Effect
Cultural Resources Coordination:	Minimum Potential to Cause Effect Appendix B
Cultural Resources Coordination - ODOT Approval/SHPO Concurrence Date	01/24/2020
Tribal Consultation Summary/Remarks:	No comments or objections received within 30 days
Projects that meet C2 criteria are not anticipated to have impacts to the following environmental resources. If resources are present, documentation is only required if there is a potential for impacts.	
Air Quality:	Studies Not Required
Air Quality - Coordination with OES:	No
Noise:	Studies Not Required
Noise Coordination - OES Approval Date:	11/05/2019
Hazardous Materials - ESA Screening Conducted	Yes
Hazardous Materials - OES Approval Date:	06/30/2020
Phase I ESA Warranted Based on Coordination with OES:	No Further Studies Warranted

Environmental Document Level: C2

Approved: 6/30/2020

Farmland:

Urbanized Area; No Impacts in
Accordance With the Farmland MOU
and 7 CFR 658

Scenic Rivers

No National Wild and Scenic River
Within 1000 Feet of the Proposed
Project Area

Projects that meet C2 criteria must be in accordance with ODOT's UP Guidance and activities conducted for Public Involvement are commensurate to the project's type and scope of work.

Underserved Populations

Does Not Exceed UP Guidance
Criteria; No UP Analysis Report
Required and No UP Issues Raised
During Public Involvement

Public Involvement:

Minimum PI Requirements Met; No
Minor Public or Agency Controversy
on Environmental Grounds

Environmental Commitments

Yes

Environmental Commitments

C2

- 1) A Petroleum Contaminated Soil (PCS) plan note will be included in the plans by the City of Perrysburg for the Marathon Petroleum gas station at 25570 North Dixie Highway
- 2) The Project Designer shall incorporate the following note into the plans: Access to the City of Perrysburg Multi-Use Path shall be maintained at all times, except for the time needed for temporary occupancy of the property and/or temporary access restrictions and/or closures needed to facilitate construction activities.
- 3) The Project Designer shall incorporate the following note into the plans: Appropriate signage will be installed along the multi-use path to alert users of temporary access restrictions and/or closures.
- 4) The Project Designer shall incorporate the following note into the plans: Except as necessary to facilitate construction activities, the staging and/or storage of construction equipment will not take place outside proposed construction limits, within the multi-use path boundaries
- 5) The Project Designer shall incorporate the following note into the plans: The contractor will closely coordinate the construction schedule with the City of Perrysburg Engineers Office and the City of Perrysburg Department of Public Service.
