Does this project require a Federal permit or approval? No
Private Funding: No

Project Description:

This project includes the replacement of the approach slabs of the structure that carries eastbound US-24 over Oberhouse Creek in Henry County. All work is within the existing right of way and there will be impacts to utilities. There will be no impacts to any jurisdictional water resources so no USACE permits are required. **This project is not located within a special flood hazard area so no floodplain permit or coordination will be necessary.** There is no suitable habitat for any state or federally listed species within the project area so there will be no impacts to any ecological resources. The work included in this project has minimal potential to cause effects to historical resources. Construction is expected to begin in the winter of 2019 and last approximately 90 days. During construction, a minimum of one traffic lane will be maintained at all times. This project is not listed on the STIP, however the next phase of this project is non-federal 100% state funded and is fiscally constrained.
