Project Description:

The Ohio Department of Transportation District 2 is proposing a project to install recessed wet reflective pavement markings on various routes throughout the district. Necessary related work will also be performed. All work is within the existing right of way and there will be no impact to utilities. There is no work within any waters of the state or the US and there are no floodplain impacts no USACE permits will be required. There will be no impacts to any state or federally listed species or their habitat. This project also has a minimal potential to cause affects to any historical resources. Construction is expected to begin in the summer of 2023 and last approximately 90 days.

This document has been written and approved based on Stage 2 plans.

STIP Reference #: 115683: 21-24 STIP

Cultural Resources Coordination: Minimal Potential to Cause Effect
Appendix A

Cultural Resources Coordination Date: 03/04/2022

Since no Tribe was interested in this project based on their customized preferences, no further Tribal consultation was conducted.

Supporting documentation has been uploaded to Project File: Yes

Select the appropriate project type (more than one can be selected):

(8) Installation of fencing, signs, pavement markings, small passenger shelters, traffic signals, and railroad warning devices where no substantial land acquisition or traffic disruption will occur. *Examples include: The installation or maintenance of signs, pavement markings/raised pavement markers/sensors, traffic calming activities, and/or new or replacement fencing (right-of-way, vandal, etc.); General pavement marking or "line painting" projects.*
