Project Sponsor: Broadview Heights, City of
ODOT District: 12
Funding Source: Federal
Private Funding: No

Project Description:

The City of Broadview Heights in cooperation with the Ohio Department of Transportation (ODOT) propose improvements to W Royalton Rd (SR-82) from the west corporation line (west of Oakwood Trail) to Seneca Blvd in the city, Cuyahoga County. The work includes resurfacing, partial/full depth base pavement repairs, sidewalk replacement including ADA curb ramps, drainage improvements, apron improvements, and guardrail replacement as necessary throughout the project length. At least one lane of traffic in each direction will be maintained at all times throughout construction. All work will be performed within the existing right-of-way.

The project is considered Ecologically Exempt under the Ecological MOA (Agreement 193340). See the Ecological tab for documentation.

A Regulated Materials Review Screening was conducted May 16, 2022. ODOT District 12 provided concurrence with no further investigations required on May 20, 2022. See project file for documentation.

Based on the proposed scope of work, there is no work within the floodplain, thus the project is exempt from the National Flood Insurance Program (NFIP) and EO 11988 flood plain analysis.

The public was notified of the project via an email Press Release sent on February 11, 2022. No public comments were received and no revisions to the plan design were made. The City has decided to proceed with the project as currently designed.

The C1 approval is based on Schematic Plans.
