Project Sponsor: LUCAS COUNTY ENGINEER
ODOT District: 2
Funding Source: Federal
Private Funding: No

Project Description:

The Lucas County Engineers Office is proposing to install a sidepath along the north and south sides of State Route 2 (Airport Hwy) to improve pedestrian access and safety. Additional work includes new pavement, curb ramps, drainage improvements and new traffic signals. All work is within the existing right of way and there will be no impacts to utilities. This project does not include impacts to any waterways or floodplains, therefore no US Army Corps of Engineers or floodplain permits are required. There will be no impacts to ecological or historically significant resources. Construction is expected to begin in the summer of 2023 and last approximately 90 days. During construction, one lane of traffic will be maintained at all times.

This document was approved based on Stage 3 Plans.
