Project Information

PID: 115458
Project Sponsor: Toledo, City of
ODOT District: 2
Funding Source: Federal

Project Description:

The City of Toledo is proposing to install sidewalks, pedestrian ramps, pavement markings, and minor roadway work to improve pedestrian safety and connectivity near Hawkins and McTigue Elementary schools in Lucas County. A corner clip of permanent right of way is required from two residential properties. This project is located within a special flood hazard area. All National Flood Insurance Program requirements will be met and coordination with local floodplain administrators is on-going. There will be no impacts to any ecological resources. All work near historic resources was coordinated with the Ohio Historic Preservation Office and it was determined that there would be no adverse effect on any historic properties/no historic properties affected. Construction is expected to begin in the summer of 2024 and last approximately 60 days. During construction, one lane of traffic will be maintained at all times.

This document was approved based on Stage 2 Plans.

The next phase of the proposed project is listed on the STIP: Yes

In accordance with 23 CFR 771.117(e), the proposed project cannot be processed as a C2 CE, if it involves -

1. **a.** Acquisition of more than a minor amount of ROW (exceeds strip takes)
2. **b.** Residential or non-residential displacements
3. **c.** A U.S. Coast Guard permit or an Individual Section 404 permit under the Clean Water Act
4. **d.** A Section 106 finding of *Adverse Effect*
5. **e.** Section 4(f) impacts greater than de minimis
6. **f.** A finding of *May Affect, Likely to Adversely Affect* to Threatened and Endangered Species
7. **g.** Construction of temporary access, or the closure of existing road, bridge, or ramps, that would result in major traffic disruptions
8. **h.** Changes in access control
9. **i.** Floodplain encroachment other than functionally dependent uses (e.g., bridges, wetlands) or actions that facilitate open space use (e.g., recreational trails, bicycle and pedestrian paths)
10. **j.** Construction activities in, across or adjacent to a river component designated or proposed for inclusion in the National System of Wild and Scenic Rivers
11. **k.** No minor public or agency controversy on environmental grounds (no opposition from any organized groups or agencies and no unresolved environmental coordination)
12. **l.** A full Environmental Justice Analysis Report (EJAR) is required (the project must be processed as a D-level CE or higher-level document). If a memo-to-file/letter/IOC-format EJAR Short Report is determined to be the appropriate level of documentation, contact OES regarding NEPA document level.

For certification purposes, documentation is required to illustrate no significant impacts will occur to the following environmental resources and that no unusual circumstances exist that would warrant a higher level of NEPA document. Upload all supporting documentation to the project file.
