PID 115398 WOO US 6 0.47 Culvert

Approved: 3/31/2023

C1**PID:** 115398**Project Sponsor:** DISTRICT 2 ENGINEERING**ODOT District:** 2**Funding Source:** Non-Federal**Does this project require a Federal permit or approval?** Yes**Project Description:**

The Ohio Department of Transportation (ODOT) county forces will be replacing the culvert under US Route 6 between the Henry County Line and Wapakoneta Rd in Wood County. The project is necessary to maintain drainage and road conditions. Permanent right of way is needed from 2 agricultural parcels and utilities will need to be relocated. This project is not located within a floodplain so no floodplain permit is required. A permit from the USACE is required for the work in a stream (approved permit in project file). Impacts to the stream and any listed species was coordinated with the appropriate resource agencies. The project has minimal potential to cause adverse effects since there were no historically significant resources in the area. Construction is expected to begin in the summer of 2023 and last approximately 14 days. The work will require a temporary closure of US Route 6 for approximately 14 days. During the closure, all access to properties will be maintained. Property owners, public safety agencies, and the local schools were notified of the road closure.

This document was written and approved based on stage 3 plans.

The next phase of the proposed project is listed on the STIP: Yes**Ellis STIP Details**

Phase	Current STIP Reference
PE Environmental	115398: 21-24 STIP
Right of Way	115398: 21-24 STIP

The current cost estimate is in line with existing federal procedures for Ohio STIP Amendments and Administration Modifications: Yes**Cultural Resources Coordination:** ORC 149.53 Appendix B**Cultural Resources Coordination Date:** 02/02/2023

Since no Tribe was interested in this project based on their customized preferences, no further Tribal consultation was conducted.

Supporting documentation has been uploaded to Project File: Yes**Select the appropriate project type (more than one can be selected):**
