ODOT District: 2
Funding Source: Non-Federal
Does this project require a Federal permit or approval? No
Private Funding: No
Project Description:

The Ohio Department of Transportation is currently proposing an emergency project to repair the Lime City Rd bridge over I-75 (NB) in Wood County as a result of a hit. All work is within the existing right of way and there will be no impacts to utilities. This project does not include impacts to any waterways or floodplains, therefore no US Army Corps of Engineers or floodplain permits are required. There will be no impacts to any ecological or historically significant resources. Construction is expected to begin in the winter of 2023 and last approximately 30 days. During construction, one lane of traffic will be maintained at all times with the exception of a 30 day detour required for the bridge work. All impacted property owners, public safety agencies, and schools have been notified of the closure.

This project was based on a Schematic Plan.

This project is not currently on the STIP, however the next phase is non-federal 100% state funded and is fiscally constrained.

STIP Reference #: n/a
Cultural Resources Coordination: ORC 149.53 Appendix A
Cultural Resources Coordination Date: 02/10/2023

Since no Tribe was interested in this project based on their customized preferences, no further Tribal consultation was conducted.
