PID: 110097

Project Sponsor: DISTRICT 2 ENGINEERING

ODOT District: 2

Funding Source: Non-Federal

Does this project require a Federal permit or approval? No

Project Description:

This project is an annual contract to replace raised pavement markers throughout the district. All work is within the right of way and there are no utility impacts. Several locations are within special flood hazard areas, however the district 2 hydraulic engineer determined that there would be no impacts to the floodplain. No permits from the US Army Corps of Engineers are required due to network within any waters of the US. There will be no impacts to any ecologically or historically significant resources due to this project. Construction will begin in the spring of 2025 and last through the fall of 2025. During construction, there will be rolling lane restrictions.

This document was approved based on Stage 2 plans.

The next phase of the proposed project is listed on the STIP: Yes

Ellis STIP Details

Phase	Current STIP Reference
CO	110097: 24-27 STIP

The current cost estimate is in line with existing federal procedures for Ohio STIP Amendments and Administration Modifications: Yes

Cultural Resources Coordination: Minimal Potential to Cause Effect
Appendix A

Cultural Resources Coordination Date: 11/28/2023

Since no Tribe was interested in this project based on their customized preferences, no further Tribal consultation was conducted.

Supporting documentation has been uploaded to Project File: Yes

Select the appropriate project type (more than one can be selected):

(8) Installation of fencing, signs, pavement markings, small passenger shelters, traffic signals, and railroad warning devices where no substantial land acquisition or traffic disruption will occur. *Examples include: The installation or maintenance of signs, pavement markings/raised pavement markers/sensors, traffic calming activities, and/or new or replacement fencing (right-of-way, vandal, etc.); General pavement marking or "line painting" projects.*
