C1

PID: 120157
Project Sponsor: D12 Facilities
ODOT District: 12
Funding Source: Non-Federal
Does this project require a Federal permit or approval? No

Project Description:

FY 2024 Facility purchase order for Painesville garage Cold Storage Building to replace roof, siding, gutters and man doors. Purchase vehicle lifts. Wash bay repair project. All work within existing r/w.

A Cultural Resources Records Check was performed by district environmental staff Megan Romanchok, Environmental Specialist 2, using the online OSHPO ArcMap Resource Map. No Cultural Resources listed on or determined eligible for listing on the National Register of Historic Places were identified within and/or immediately adjacent to the proposed project area. The undertaking is a type which has minimal potential to cause effects to historic properties. No further coordination is required in accordance with ORC 149.53 Appendix A. The Record Check can be found in the Project File Under Cultural Resources/Project Information. District approval date 1/3/25.

This project is not located in a floodplain. This C1-level building maintenance project has such a remote chance of affecting base flood elevation that it is excluded from analysis.

No deep excavation.

No work in streams, wetlands, or pollinator initiative sites. No tree removal.

Construction: \$429,495.00, 100% State (Cold Storage Rehab), \$38,500.00, 100% State (Wash Bay Repair)

C1 approval is based on discussions with the facility team.

The next phase of the proposed project is listed on the STIP: Yes

Phase	Current STIP Reference
CO	

The current cost estimate is in line with existing federal procedures for Ohio STIP Amendments and Administration Modifications: Yes

Cultural Resources Coordination: ORC 149.53 Appendix A

Cultural Resources Coordination Date: 01/03/2025

Since no Tribe was interested in this project based on their customized preferences, no further Tribal consultation was conducted.

Supporting documentation has been uploaded to Project File: Yes

Select the appropriate project type (more than one can be selected):

(22) Projects, as defined in 23 U.S.C. 101 that would take place entirely within the existing operational right-of-way. Existing operational right-of-way refers to right-of-way that has been disturbed for an existing

Approved: 1/3/2025

transportation facility or is maintained for a transportation purpose. This area includes the features associated with the physical footprint of the transportation facility (including the roadway, bridges, interchanges, culverts, drainage, fixed guideways, mitigation areas, etc.) and other areas maintained for transportation purposes such as clear zone, traffic control signage, landscaping, any rest areas with direct access to a controlled access highway, areas maintained for safety and security of a transportation facility, parking facilities with direct access to an existing transportation facility, transit power substations, transit venting structures, and transit maintenance facilities. Portions of the right-of-way that have not been disturbed or that are not maintained for transportation purposes are not in the existing operational right-of-way. ***Examples include: Tower lighting within the existing operational right-of-way; Guardrail installation and replacement (including median cable barriers) where roadway ditches and backslopes will not be relocated; Improvements to existing ODOT/County maintenance facilities; Construction of new ODOT/County maintenance facilities within existing operational right-of-way; Environmental mitigation activities within existing operational right-of-way; Work on pedestrian and vehicle transfer structures and associated utilities, buildings, and terminals within existing operational right-of-way; Construction of alternative energy facilities (fuel tank farms, wind turbines, etc.)***
