PID: 123512
Project Sponsor: DISTRICT 2 ENGINEERING
ODOT District: 2
Funding Source: Non-Federal
Does this project require a Federal permit or approval? No

Project Description:

This project is to repair fire damage to the LUC-25-0837L bridge by adding intermediate stiffeners, replacing cross frame members, performing concrete patching and painting structural steel. No new right of way is required for this project and there will be no impacts to any utilities. The bridge work will not require a waterway permit from the USACE. The project is located within a floodplain but there will be no impacts. There are no impacts to any listed species or their habitat. This project has minimal potential to cause adverse effects to any historically significant resources. Construction is expected to begin in the summer of 2025. During construction, there will be periodic lane closures. Construction is expected last approximately 30 days. This document was written and approved using Stage 2 plans.

The next phase of the proposed project is listed on the STIP: No

Remarks:

This project is not currently on the STIP, however the next phase is non-federal 100% state funded and is fiscally constrained.
