PID 123073
Project Sponsor Bowling Green, City of
ODOT District 2
Funding Source Federal

Project Description:

The City of Bowling Green is proposing to install a ped hybrid beacon where the Slippery Elm Trail crosses Gypsy Lane. All work is within the existing right of way, and there will be no impact to utilities. Since there is no work within any waters of the US and there are no floodplain impacts, no permits are required. There will be no impacts to any state or federally listed species or their habitat. This project has a minimal potential to cause impacts to any historical resources. Construction is expected to begin in the summer of 2026 and last approximately 30 days. During construction, a minimum of one lane of traffic in each direction will be maintained.

This document was written and approved based on Stage 3 plans

The next phase of the proposed project is listed on the STIP: Yes

Ellis STIP Details

Phase	Current STIP Reference
CO	123073: 26-29 STIP
CO	123073: 26-29 STIP
DD	123073: 26-29 STIP

The current cost estimate is in line with existing federal procedures for Ohio STIP Amendments and Administration Modifications: Yes

Cultural Resources Coordination: Minimal Potential to Cause Effect
Appendix A

Cultural Resources Coordination Date: 07/03/2025

Since no Tribe was interested in this project based on their customized preferences, no further Tribal consultation was conducted.

Supporting documentation has been uploaded to Project File: Yes

Select the appropriate project type (more than one can be selected):

(8) Installation of fencing, signs, pavement markings, small passenger shelters, traffic signals, and railroad warning devices where no substantial land acquisition or traffic disruption will occur. *Examples include: The installation or maintenance of signs, pavement markings/raised pavement markers/sensors, traffic calming activities, and/or new or replacement fencing (right-of-way, vandal, etc.); General pavement marking or "line painting" projects.*

Environmental Commitments: Yes

Environmental Commitments

C1

- 1) Maintain safe public access to the Slippery Elm Trail at all times during construction activities via flagging operations, a detour, or both approved by the Project Engineer.
