Categorical Exclusion (CE) "Certified" C List

Updated 3/5/2025

The following project types do not require detailed documentation for NEPA compliance. These projects meet the criteria for CEs in paragraph (a) of 23 CFR 771.117, and based on 23 CFR 771.117 (c), normally do not require any further NEPA documentation.

Note: the following is a modified 771.117(c) list. Some descriptions have been modified to align with ODOT's program and typical project types which are highlighted below.

C(8) Installation of fencing, signs, pavement markings, small passenger shelters, traffic signals, and railroad warning devices (including guard rail replacement, striping, etc.)

ODOT hereby confirms that the above project types are identified in 23 CFR 771.117(c) and as listed, certify that the following criteria have been met:

1. The action does not have any significant environmental impacts as described in 23 CFR 771.117(a).
2. The action does not involve unusual circumstances as described in 23 CFR 771.117(b).
3. The action does not involve the following:
 1. The acquisition of any temporary or permanent right-of-way.
 2. The use of properties protected by Section 4(f) of the Department of Transportation Act (49 U.S.C. 303).
 3. Require coordination with the State Historic Preservation Officer per ODOT's Section 106 PA.
 4. Any U.S. Coast Guard construction permits or any US Army Corps of Engineers Section 404 permits, 408 actions or Flowage Easement impacts.
 5. Any work in streams or wetlands.
 6. Any work encroaching on a regulatory floodway or any work affecting the base floodplain (100-year flood) elevations of a water course or lake.
 7. Construction in, across or adjacent to a river designated as a component or proposed for inclusion in the National System of Wild and Scenic Rivers.
 8. Any changes in access control.
 9. The use of a temporary road, detour or ramp closure unless the use of such facilities satisfies the following conditions:
 1. Provisions are made for access by local traffic and so posted.
 2. Through-traffic dependent business will not be adversely affected.
 3. The detour or ramp closure, to the extent possible, will not interfere with any special local event or festival.
 4. The temporary road, detour or ramp closure does not substantially change the environmental consequences of the action.
 5. There is no substantial controversy associated with the temporary road, detour, or ramp closure.
 6. Any known hazardous materials sites, not including solid waste, or previous land uses with potential for hazardous materials remain within the right-of-way.
 7. The action will not impact suitable habitat for a federally listed endangered or threatened species within the occupied range or critical habitat for the species.

If one or more of the above conditions are not satisfied, a C1, C2, or D level CE must be prepared in accordance with ODOT's NEPA Assignment Categorical Exclusion Guidance. Appropriate environmental documentation must be completed in EnviroNet. If the above conditions are met, the following certification will be uploaded to the Project File Tab in EnviroNet (until further updates can be made to enhance the system):

ODOT certifies that this action meets 23 CFR 771(c) and will not result in significant impacts to the environment. This project will not result in any of the following: (repeat the above conditions)

The next phase of the proposed project is listed on the STIP: **Yes**

Ellis STIP Details

Phase	Current STIP Reference
CO	122415: 26-29 STIP

The current cost estimate is in line with existing federal procedures for Ohio STIP Amendments and Administration Modifications: **Yes**

Since no Tribe was interested in this project based on their customized preferences, no further Tribal consultation was conducted.

Supporting documentation has been uploaded to Project File:

Yes

Select the appropriate project type (more than one can be selected):

(23) Projects that receive federal funds that are less than the monetary values indicated by FHWA. These monetary values are adjusted annually by the Secretary to reflect any increases in the Consumer Price Index prepared by the Department of Labor (see www.fhwa.dot.gov or www.fta.dot.gov). See the Help Tip Box for current monetary limits.
