Project Sponsor Toledo, City of
ODOT District 2
Funding Source Federal

Project Description:

The City of Toledo is proposing the replacement of existing sidewalks and curb ramps, installation of a midblock crossing, and neighborhood connections to an existing multi-use path at various locations around the city. All work is within the existing right of way, and there will be no impact to utilities. Since there is no work within any waters of the US and there are no floodplain impacts, no permits are required. There are some ecological species located within 1 mile of the project sites, but there will be no impacts to any state or federally listed species or their habitat. This project has a minimal potential to cause impacts to any historical resources. Construction is expected to begin in the summer of 2026 and last approximately 90 days. During construction, a minimum of one lane of traffic in each direction will be maintained.

This document was written and approved based on Stage 3 plans

The next phase of the proposed project is listed on the STIP: Yes

Ellis STIP Details

Phase	Current STIP Reference
CO	124327: 26-29 STIP

The current cost estimate is in line with existing federal procedures for Ohio STIP Amendments and Administration Modifications: Yes

Cultural Resources Coordination: Minimal Potential to Cause Effect
Appendix A

Cultural Resources Coordination Date: 03/05/2026

Since no Tribe was interested in this project based on their customized preferences, no further Tribal consultation was conducted.

Supporting documentation has been uploaded to Project File: Yes

Select the appropriate project type (more than one can be selected):

(3) Construction of bicycle and pedestrian lanes, paths, and facilities. *Examples include: Walkways, sidewalks, shared-use paths, and facilities, small passenger shelters, (i.e. construction of a bike path on an existing railroad bed, designations of certain highways as bike routes, painting of existing paved shoulders as bike lanes, ADA ramps, etc.) provided that no new disturbance will occur.*
