<b>PID:</b>	106291
<b>Project Sponsor:</b>	DISTRICT 4-PLANNING
<b>ODOT District:</b>	4
<b>Funding Source:</b>	Non-Federal
<b>Private Funding:</b>	No
<b>Project Description:</b>	

The Ohio Department of Transportation (ODOT) proposes to apply pavement markings on various routes throughout Portage, Stark and Summit Counties.

During project construction, a minimum of one (1) 10-foot lane of traffic shall be maintained in each direction on the existing pavement. No substantial traffic disruptions are anticipated with the project.

The project has no Federal funding (100% State Funded project), does not involve a Federal action and will be constructed within the existing highway/roadway rights-of-way.

The project will not impact any environmentally sensitive resources within the project study areas.

The project is exempt from consultation with the SHPO under Ohio Revised Code (ORC) Section 149.53 and under stipulations found in the revised State Funded Project Agreement (Agreement No. 17075) between the SHPO and ODOT dated August 22, 2012. The work is an exempted project type and is limited to the installation or maintenance of pavement markings as referenced in Appendix A under Item 6. The ODOT-District 4 Section 106 Cultural Resource - ORC Section 149.53 Decision Document, dated April 6, 2018, for the project can be found in the Project File/Cultural Resources/Coordination subsection as State Funded Project Coordination - District.pdf.

Based on the project scope of work, its Path 1 Preliminary Development Process (PDP) Classification and the proposed maintenance of traffic measures, emergency/public services contact activities were not conducted for the project. Project information including schedule and maintenance of traffic information was made available on the ODOT District 4 website at [www.dot.state.oh.us/districts/D04](http://www.dot.state.oh.us/districts/D04). No comments were received as a result of the public involvement activity performed for the project.

The environmental document and associated studies, as applicable, were approved using the preliminary scope of work for the project. When available, the project plans will be reviewed by ODOT District 4 Environmental Section personnel and uploaded to the Project File/General/Project Information subsection as Stage 3 Design.pdf.
