Project Sponsor: DISTRICT 2 PRODUCTION
ODOT District: 2
Funding Source: Federal
Private Funding: No

Project Description:

This project proposes to seal the decks of 22 bridges within Wood County, OH. All work is within the existing right of way and no utility impacts are anticipated. All work is on top of the bridges so there will be no impacts to any streams and no waterway permits are required. There will be no impacts to any ecologically or historically significant resources. Construction is expected to begin in the spring of 2019 and will last approximately 120 days. During construction, traffic will be maintained at all times on all bridges.

This document was written and approved based on Stage 2 Plans.

Cultural Resources Coordination: Minimal Potential to Cause Effect - Appendix A
Cultural Resources Coordination Date: 11/08/2017
Supporting documentation has been uploaded to Project File: Yes

Select the appropriate project type (more than one can be selected):

(1) Activities which do not involve or lead directly to construction, such as planning and technical studies; grants for training; engineering to define the elements of a proposed action or alternatives so that social, economic, and environmental effects can be assessed; and Federal-aid system revisions which establish classes of highways on the Federal-aid highway system. *Examples include: Study type projects (i.e. feasibility studies, etc.); Land donations to ODOT associated with ROW permits (non-NHS/non-Limited Access right-of-way). (Environmental Site Assessment issues will require coordination with ODOT-OES).*

Environmental Commitments: Yes

Environmental Commitments

C1

- 1) The project designer shall include a note in the construction plans to address the project's location in relation to the drinking water source.
