Project Sponsor: DISTRICT 2 PRODUCTION
ODOT District: 2
Funding Source: Non-Federal
Does this project require a Federal permit or approval? No
Private Funding: No

Project Description:

The Ohio Department of Transportation is proposing to perform maintenance on the Veterans Glass City Skyway (I-280 Bridge over the Maumee). Work includes replacing bearing plinths and repairing internal pier drainage. All work is within the existing right of way and there will be no utility impacts. Since all work will either be performed over land or inside piers, coordination with the USACE and USCG is not required. There will be no work in or above a floodplain so there is no FEMA coordination required. There will be no impacts to suitable habitat for any state or federally listed species. It has been determined by the district that this project will not impact any property listed on or eligible for the National Register of Historic Places or other significant historical resources. Construction is expected to begin in the summer of 2019 and last approximately 90 days. During construction, all lanes of traffic will be maintained.

This document was written and approved based on Stage 2 plans.
