### Select the appropriate project type (more than one can be selected):

(1) Activities which do not involve or lead directly to construction, such as planning and technical studies; grants for training; engineering to define the elements of a proposed action or alternatives so that social, economic, and environmental effects can be assessed; and Federal-aid system revisions which establish classes of highways on the Federal-aid highway system. *Examples include: Study type projects (i.e. feasibility studies, etc.); Land donations to ODOT associated with ROW permits (non-NHS/non-Limited Access right-of-way). (Environmental Site Assessment issues will require coordination with ODOT-OES).*
